ADD-ONS

Terrace & Canopy

The Lounge can be extended with a 8 m² terrace and 8 m² canopy on one or on both sides.

FUNDAMENT | STABILITY

TEMPORARY USE

Can be installed as a temporary outdoor solution on concrete slabs, on stilts, on a trailer, on a ponton or as a tree house.

PERMANENT USE

Can be anchored to the ground as a permanent outdoor solution. A leveled gravel surface is required, so our assembly team can set up the Lounge.

****By default, the Lounge is designed to withstand wind speeds up to 140 km/h. For areas with higher wind speeds, additional ballasting and concrete strip fundament can be added. This allows the Lounge to handle wind speeds up to 160 km/h.**

Snow load | 20 kg/m²
Wind load | 100 - 140 km/h**

Snow load | 100 kg/m²
(Canopy) | 100 kg/m²
Wind load | 140 - 160 km/h**

More details about the Lounge can be found on our website
